# Cyber Security Concept

INTERNATIONAL STRATEGY  
FOR CYBERSPACE

Prosperity, Security, and Openness  
in a Networked World

MAY 2011

We are Anonymous  
We are Legion  
We do not forgive  
We do not forget  
Expect us

# Cyber Security Concept

Cyber Life:

for countries, for companies and for  
people

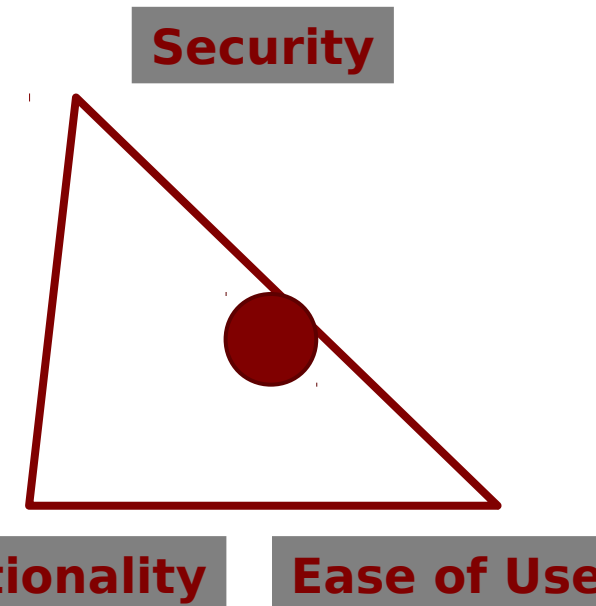

Cyber Life:

no boundaries, no limits

Cyber Security :

Confidentiality, integrity and availability  
of information and services in cyber life

Security vs Functionality vs Ease of use

# How we started and our purpose

Established in 2008

BGA is established to offer professional, expert services in cyber security area

Our purpose is to realize **vendor-independent cyber security approach**

..has 8 (eight) highly qualified security experts

# BGA principles

Our slogan is:

**“SECURITY IS **NOT** JUST A PAPERWORK”**

To overcome bad guys, good guys should understand bad guys' thinking style (**offensive security**)

Security is a **picture** consisting of pieces: people, product, process, management, etc..

Vendor-independent security **trainings** are vital in order to achieve security

Security is security **experts'** job

# What we do

Vendor-independent cyber security training services

Cyber security consultancy services from security experts

Security and performance testing services

BGA supports security related organizations (more than 10 annually)

BGA has established “NETSEC” network security e-mail list (more than 1200 members working in information security area)

BGA has established DDoS&BotNet Community &

# Trainings

Cyber Security Expert

DNS Security

White Hat Hacker (CEH)

DDoS Attack and Prevention

(this training is the first training in the world in its area)

Web Application Pentest

Practical Network Security

# Trainings

PF Firewall

Linux Network and System Security

CISSP

ISO 27001 Information Security Management

Systems (ISMS)

ISO 27001 Risk Analysis

Information Security Awareness

ISO 27001 Internal Audit

Executive Level Information Security Strategy

# Trainings

BGA has trained more than 700 people

Our trainers love to share knowledge

Our training contents are original, prepared by us

Trainings are supported by practical and hands on activities

**“not just theoretical”**

# Consultancy Services

Consultancy services from top notch, qualified security

experts

Solution oriented approach

# Consultancy Services

Web Application Assessment

Wireless Assessment

Forensic Investigation

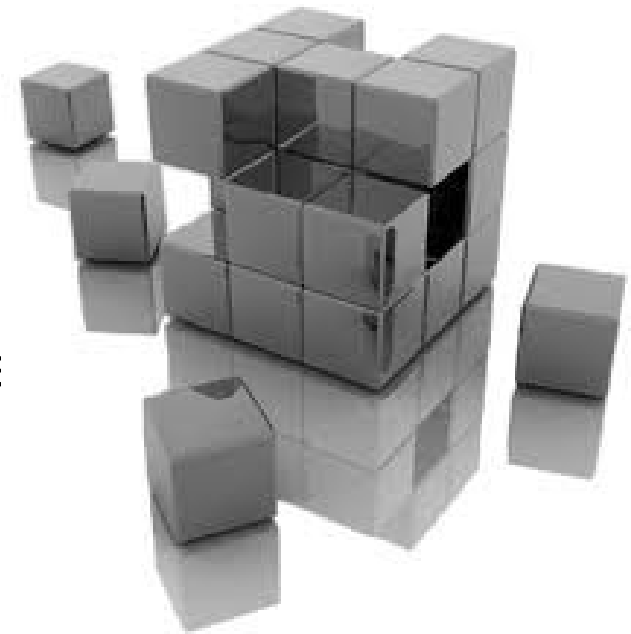

Malware Analysis

Incident Response

Intrusion Detection & Prevention Service

Penetration Testing

Security Assessment

# Consultancy Services

DDoS Attack Analysis and Reporting

DDoS Attack Tests

DDoS Vulnerability Assessment

Performance Tests for Network and Security Products

DDoS related specific configurations for

Router/Firewall/IPS/Load balancer/WAF

Consultancy on DDoS product determination

ISO 27001 ISMS Consultancy

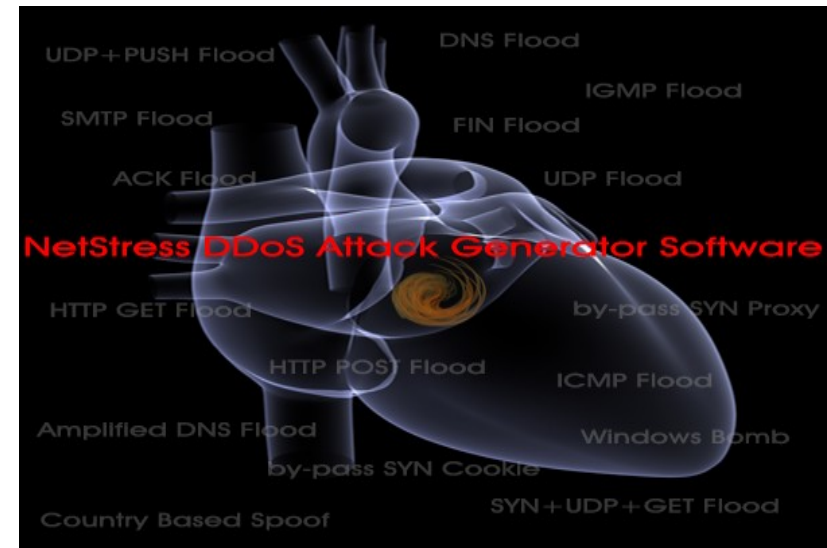

# Some Of Our Study Areas

## Netstress DDoS and Network Stress Testing Tool

<http://www.bga.com.tr/netstress/>

## DDoS Trainings
